GLUTEN FREE

Bio-Tract: A protective coating ensures the good bacteria does not get destroyed in the gut, but allows it to move deep into the Large Intestines (Colon) where it is time released.

Wellmune: Is engulfed by the immune tissues of the Small Intestines and binds to white blood cells. Primed with wellmune the white blood cells are better able to target the invasion to the body and fix the problem.

The unique blend: **Bio-Tract** and **Wellmune** work together at both the large and small intestines to provide good bacteria and immunity for gut health.
